DATES: Applicable [Insert date of publication in the *Federal Register*].

SUPPLEMENTARY INFORMATION:

Background

On July 11, 2019, Commerce published in the *Federal Register* the orders on quartz surface products from China.¹ On October 21, 2022, Commerce published in the *Federal Register* the final results of a scope ruling regarding imports of quartz surface products manufactured in China and further processed in Malaysia, finding that such imports are covered

¹ See *Certain Quartz Surface Products from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 84 FR 33053 (July 11, 2019) (*Orders*).

by the scope of the *Orders*.² Moreover, because exporters of quartz surface products from Malaysia export both subject and non-subject merchandise, Commerce established a scope certification process for all imports of quartz surface products from Malaysia. Specifically, Commerce set forth certification requirements for importers and exporters to permit imports from Malaysia produced from non-Chinese origin quartz slab not to be subject to suspension of liquidation and cash deposit requirements. In so doing, Commerce also determined that certain companies processing Chinese quartz slab in Malaysia, including Bada Industries, were ineligible to participate in this scope certification process.³ However, Commerce indicated that these companies, including Bada Industries, could request reconsideration of their exclusion from the certification process in a future segment of the proceeding (*e.g.*, in a CCR).⁴

On May 11, 2023, Global Stone submitted a letter requesting that Commerce conduct a CCR to reconsider Bada Industries' eligibility for the certification process, such that Bada Industries can certify that the quartz surface products imported by Global Stone are not produced from Chinese-origin quartz slab.⁵ We received no comments from interested parties regarding the CCR Request.

Initiation of CCR

Pursuant to section 751(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(d), Commerce conducts a CCR upon receipt of information concerning, or a request from, an interested party for a review of an AD or CVD order which shows changed circumstances sufficient to warrant a review of the order. The information Global Stone provided regarding Bada Industries' exports of quartz surface products demonstrates changed circumstances sufficient to warrant such a review.⁷ Therefore, we are initiating a CCR pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d) based upon the information contained in Global Stone's submission to determine whether Bada Industries is eligible to certify that its quartz surface products are not produced from Chinese-origin quartz slab.

Commerce will issue a questionnaire requesting additional information from Global Stone for this CCR regarding its quartz slab and will publish in the *Federal Register* a notice of the preliminary results, in accordance with 19 CFR 351.221(b)(4) and (c)(3)(i). All information submitted may be subject to verification. Failure to allow full and complete verification of any information submitted may affect Commerce's consideration of that information. Commerce will set forth its preliminary factual and legal conclusions in this notice and a description of any action proposed based on those results. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results. Unless extended, Commerce will issue the final results of this CCR in accordance with the time limits set forth in 19 CFR 351.216(e).

⁷ See, generally, CCR Request.

Notification to Interested Parties

We are issuing this notice in accordance with sections 751(b)(1) and 777(i) of the Act and 19 CFR 351.216(b), and 351.221(b)(1).
